Experience (part 1 of 2)

April 2022 - Present

Network Administrator - OFFICEGRIP B.V.

Supporting the Support department with network issues, drafting processes for Support regarding our network portfolio, executing network projects at clients, consultancy and responsible for the management & monitoring of installed network equipment. Also a primary role in the management team in which we are responsible for automation, reporting, product development and are directly involved in the response to security incidents.

June 2017 - April 2022

Projects & Support - System/Network Administrator - CONSILIUM BENELUX DCS BV ROTTERDAM

Implementations (on-site or remote) of various Consilium software. These products are in most cases implemented on-premise at the customer. Supporting customers with questions about the use of software or its implementation. In addition, I take care of the infrastructure within the company for the various departments (including Projects & Support and Development), I test the quality of software, I give advice to improve the software and I take care of the development environments.

February 2016 - June 2017

System Administrator/ Network Administrator (in training) - PROCLASS BV DORDRECHT

Responsible for all IT within the company. This consists of a number of PCs, servers, printers, routers, switches and wireless access points. In March 2016, a completely new network was set up due to relocation to a new office. Also responsible for the management and maintenance of servers and network equipment in a server room for the applications ProDocs (webapp) and Docs2Go (iOS and Android).

Experience (part 2 of 2)

February 2014 - January 2016

Technical Helpdesk Telfort - XEROX ROTTERDAM

Supporting customers with internet, interactive TV and fixed telephony via the KPN network. Solving problems for existing customers and assisting with the installation of new customers. Also administrative tasks such as implementing relocations, concluding new subscriptions (sales) and answering questions about the contract or invoices.

2010 - 2014

Shelf Stocker - ALBERT HEIJN BARENDRECHT

2011 - 2013

Audiovisual Technician (holiday work) - DISPLAY4ALL HEERJANS DAM

Installing and maintaining digital cable newspaper systems using video over ethernet and installing associated TV screens and sound systems.

Volunteer Work

2010 - 2017

Chairman - POPPODIUM DE BEUK

Previously: member coordinator, sound technician, general volunteer Fully taking care of hall and monitor sound and lighting installation, bar service, maintenance and management. I also manage the volunteers within the association, take care of schedules and manage the membership administration. Furthermore, I am also responsible for contact with the municipality of Barendrecht and other external parties, the website (www.beukonline.nl) and I support the PR manager and treasurer. Active as chairman since 2015. I handed over this position in April 2017.
